Recycled Rubber Program

Swisstrax is committed to sustainability and doing our part to help the environment we live in. Our **Recycled Rubber Program** has removed thousands of tires from landfills across the country. That rubber is then re-purposed to create an anti-fatigue version of our interlocking tiles. These products carry the Swisstrax brand, so you know they are safe, strong, and built to last.

100% post-consumer recycled content. LEEDS Points qualified.

We are dedicated to making a positive impact on the world we live in, while adhering to the quality standards we're known for.

Anti-Fatigue Work Mats

- Fully assembled Mat: 52" x 34"
- Combine Mats to create attractive Walkways/ Entryways that are non-slip and low maintenance
- Add comfort and reduce standing fatigue behind retail areas and in front of work benches
